

Components

Gallery with Options

Components are a form-based type of reusable content that gather information and add it into complex design elements. A component on a page prompts you to enter information and adds source code to format and display the information on the page.

1. Login to the page to edit
2. Click Edit

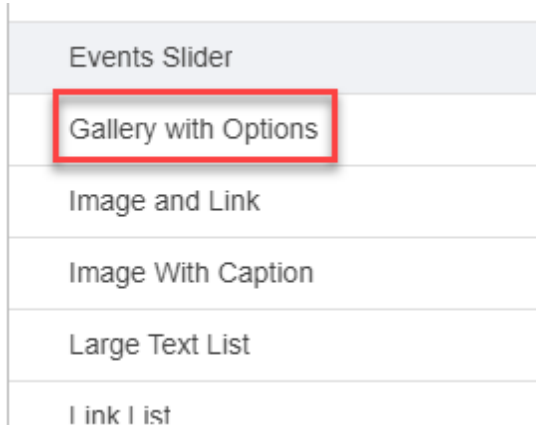

3. Click one of the green edit buttons

4. Click the Component icon

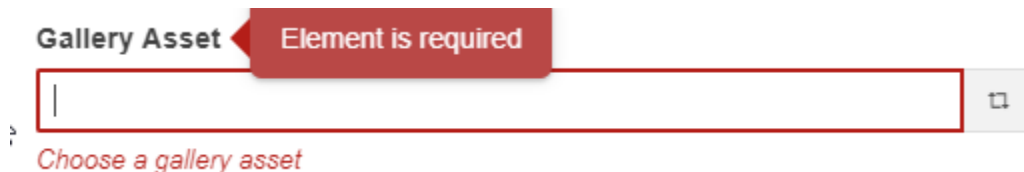

5. Select Gallery with Options

2 Gallery Options
